Project Title:- **Take pride in YOUR space within OUR Community**

### **Project overview:-**

Litter is becoming a problem not only within ALCC or Blaenau Gwent but the world. The real crime is that it's us humans are dropping it.

The aim of this project is look for to get individuals who are prepared to keep their community space clear of litter.

### **Supporting information:-**

I have had an individual asking me as a councillor if I could get a supply of bags and a little grabber he would pick litter simply to make their area a cleaner place.

I as a child can remember my grandmother scrubbing the front door step and other old ladies actually washing the pavement outside their houses. The older valleys people will remember the pride the people had in their community; this is something we have to get back into our community.

### **Action plan:-**

To be developed via ward group, WBWG and council

#### **Considerations**

- ✓ **Public engagement is key to any development of any project**
- ✓ **This would require a lot of local knowledge on who would be interested?**
- ✓ **Relatively low levels of investment required**
- ✓ **Effect publicity to find volunteers**
