33. Minutes – 9 September 2024

The Committee **RESOLVED** that the minutes were a true and correct record.

34. Off The Streets data

The Committee discussed a key indicators report provided by Off The Streets, which included questionnaire data from young people using the service.

Cllr Barrie Page noted some of the most significant comments, with young people feeling Off The Streets provided a safe space to go and that it positively impacted their wellbeing. The feedback also suggested that there is not as much for older kids in the area.

The Committee also felt a similar qualitative report from the Abertillery Detached Team could be beneficial, as it provides insight into the youth services beyond what figures can demonstrate.

The Committee discussed the possibility of pursuing academic research into the impact of youth work in the area. Cllr Josh Rawcliffe stated he could put the officers in contact with a potential researcher for this.

35. Website

The Clerk provided an update on progress towards a new Council website. A tender document will be drawn up based on the Committee's suggestions at the last meeting, and four companies will be invited to present to the Committee.

36. Councillor Surgeries

The Committee discussed surgeries held by local borough councillors and Gwent Police in Cwmtillery. These surgeries could be used as a starting point, with Councillors from all wards being able to attend. Future surgeries could then become more ward-focused and Councillors can choose the location, frequency, date and time for their surgeries.
