20. Previous Year's Chairs Address

As I finish my second year as chair, I can reflect on all our successes we have had and have still to come. Our most recent being the centenary celebrations in Six bells park. Without the deputy clerks that we have employed none of these projects would have been as successful. The projects are now better organised and this council is now working more efficiently than it ever has. Please remember that the staff are here to facilitate the projects though not do all the work for them.

I would like to thank Steve Bard and the finance committee for all the hard work they have carried out in the last two years to ensure that this council can stand up to public scrutiny and we hopefully will never be in the position we found ourselves previously.

My biggest wish when I joined this council was to have youth councillors and this year we have achieved this, not only are we involved with the School Sennedd, we also have our own two youth councillors, who are doing really well and I am hoping that they are enjoying the experience.

As I hand over the baton, I hope this council stays on track I hope that we never go back to being a closed talking shop and we keep meetings focused and snappy and not wandering off topic and making meetings several hours long as I have proved over the last two years, it is not needed as we stay focused we actually get more done. Thank you for your faith in my abilities and good luck to the next Chair.
