Six Bells Park Toilets

Good afternoon Erika,

Thank you for your email in requesting information regarding usage of the toilets which are in the community kiosk at SB park. I believe Chris Hill (SBT chairman) provided you with some information back in May regarding toilet usage, etc therefore my information will not be an awful lot different.

However, what I can say is that this summer saw an appreciable upturn in the use of the toilets, linked to the regular opening of the kiosk. I was at the centre of organising a volunteer group who opened the kiosk (Mon-Sat) throughout the school holidays. There are now 15 key holders/volunteers who regularly open the kiosk and toilets. Moreover, running from April to October, there are regular coaching sessions taking place at the park(approximately 50 children from local schools attend weekly) as well as twice weekly social and team practice sessions where naturally the toilets will be opened to the public. Finally, running throughout the year, local residents meet in the log cabin twice weekly, as part of the loneliness project where again the toilets will be open.

I would like to stress that every effort is made to open the toilets for tennis players (and park goers)and since May, 2530 hours of booking time has taken place.

I hope that the above shines a light on the frequent use of the kiosk toilets during the spring, summer and early autumn months. Members of the local community were at pains to thank the community tennis volunteers for opening the toilets this summer. Can I stress the point and I quote Steve Edwards, clerk of the council, when attending a SB Community tennis meeting in June 2024..." the toilets are not public toilets and do not have to be open all the time."

Naturally, due to far less footfall within the park, the winter months sees a reduction in the amount of times that the toilets are open.

Regards

Rob Vaughan(Secretary of SB Community Tennis).

Motion from Cllr. Mark Lewis

Good morning Steve,

Please can a motion be placed on the next Leisure and Tourism Committee Meeting Agenda from me to hold a review of the ALCC Armistice Day Large Poppy and Flags availability for Councillor Ward areas.

I request this to happen because as you know I popped into the office on Friday to pick up the usual Blaenau Gwent, Roseheyworth and Bournville allocation of Large Poppies and Flags, to leave with Poppies only and no flags at all as you didn't seem to know where they were located within the ALCC Offices.

The Blaenau Gwent, Roseheyworth and Bournville allocation is usually 15 large poppies and 3 Help For Hero Flags previously paid for by the local ward residents through their community council tax payments.

These were all left in a carrier bag last year marked up plus all okay as well after I returned them back into the ALCC Offices but they did not seem to be in the same carrier bag this year for me to easily pick back up and to use again.

I request this motion to go forward so that everything for ALCC Armistice Day is all ready and in place for ALCC Councillors to position out in their Ward areas next year November 2026.

Thanks and regards,

Cllr Mark Lewis,

Cwmtillery Ward Community Councillor,

Abertillery and Llanhilleth Community Council.
