ABERTILLERY & LLANHILLETH COMMUNITY COUNCIL: **LONELINESS PROJECT APPLICATION 25/26**

The Covid-19 pandemic not only segregated families and friends for months on end, it also highlighted the dire need to combat isolation in our communities.

Many people were left with anxiety about mixing socially and some are still afraid to go out and about. Still more have lost the opportunity to connect with others because established clubs, societies and social events did not resume. Post pandemic there is a massive need for us all to focus on mental health and well-being, and combatting isolation in its many forms.

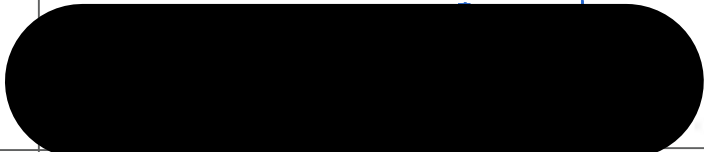

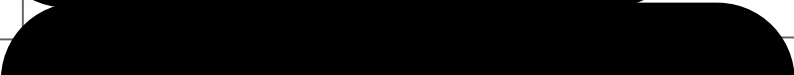

The People and Communities Committee at ALCC have set up the loneliness project in response to this.

The aim of the project is to provide resources and facilitate opportunities for community groups and businesses alike, by creating a forum and means for them to network and collaborate towards the common goal of combating the detrimental effects of loneliness and isolation suffered by people throughout our communities.

This application form is for local businesses and other groups/organisations who are keen to give back and support their communities; assist and facilitate community-based activities and projects; and enable those affected to have more active roles in their communities and participate in society with their peers.

Whilst we want to support activities that bring people together face-to-face in a safe and secure way, funding can also be used to support online activities where this is the most appropriate, or only, way to build social connections e.g., where access to a venue is difficult or for those not quite ready to meet people face-to-face.

Please ensure that you complete the application form in full and make sure we have all your details.
